

BOQ: Emerson Climate Technologies, Noida

Sr. No.	Description	UOM	QTN
1	Copper Piping between Indoor unit to outdoor unit		
1A	Copper Hot gas line (7/8 ,18G)	MTR	270
1B	Copper liquid line (5/8, 18 G)	MTR	270
2	Condenser copper Cabling between Indoor to outdoor unit (3c x 2.5 sq.mm.)	MTR	279
3	Power cabling 4c x 16 sq.mm.	MTR	22.5
4	Copper Pipe nitrile Insulation for Hot gas line and liquid line	MTR	270
5	MS fabrication for outdoor units	NOS	3
6	MS fabrication for Indoor units	NOS	3
7	Drain Piping , 40 mm. UPVC hard with nitrile insulation	MTR	26
8	Refrigerant Gas R - 410A	KGS	220
9	EXTENDED PIPING KIT	NOS	3
9A	Supply, Installation, Testing and Commissioning of extended piping kit complete with check valves, solenoid valves, "U" trap, & refrigerant charge, cabling etc. as required.		
10	GI Cable Tray 350 X 50 mm perforated (Only hall ariya)	MTR	25
11	Potable water UPVC hard pipe for Humidifier 25 mm	MTR	46
12	Water inlet valve		3
13	Installation , Testing and Commissioning of PAC units with Nitrogen testing work	NOS	3
14	Drain pump	NOS	6
15	Refrigerant Lubricant	LTR	6
16	Cable tray with cover (350x50mm)	MTR	30
17	Cable tray with cover (25x50x25mm)	MTR	25
